Article 17(1) of the Market Abuse Regulation (MAR) – confidential information.

Content of the report:
The Management Board of ONDE S.A. ("**Issuer**") hereby announces that, on 7 October 2026, it took a decision to commence a review of strategic options relating to the road construction activities carried out by the Issuer's group of companies ("**Group**"; "**Review**").

During the Review, the Issuer will, amongst other things, assess the Group's current development strategyin the road construction segment, and identify and analyse available strategic options, taking into account the current global macroeconomic and political situation and the associated development opportunities and challenges for this segment. The options under consideration as part of the Review may include, in particular, securing an investor or strategic partner for the Group in relation to the operations of this segment, the spin-off of selected assets forming part of the Group, a reorganisation of the Group's structure, or the execution of another transaction resulting in a change to the organisational structure of the entities forming part of the Group and operating within this sector. As part of the Review, the Group will also consider continuing its existing strategy in the road construction sector whilst implementing growth measures and optimisation initiatives. In the course of the Review, the Issuer may hold discussions with various entities, and selected entities may be provided with additional information about the Issuer and the Group, to the extent permitted by applicable law.

Both the timetable and the final outcome of the Review are uncertain. As at the date of this current report, no decisions have been taken regarding the implementation of a specific strategic option in the road construction segment, and there is no certainty that such decisions will be taken in the future.

During the Review, the Group will continue its day-to-day operations and the implementation of its current strategy. The Issuer will disclose information on significant stages and results of the Review in accordance with applicable law, including the provisions of the MAR Regulation.
